

Pacoima Base Camp Access Road Debris Removal

LOS ANGELES COUNTY DEPARTMENT OF PUBLIC WORKS
FLOOD MAINTENANCE DIVISION—WEST AREA

MAINTENANCE ACTIVITY

The Los Angeles County Department of Public Works (County) will be clearing rocks, sediment, and debris (collectively called “debris”) from the Pacoima Base Camp Access Road. The accumulated debris necessitates annual routine maintenance to ensure unobstructed access to Pacoima Dam.

TRUCK ROUTE

MAY SPS

13500 Fritz Lane

Sylmar, CA

TG 482-C1

Debris that is cleared from the Pacoima Base Camp Access Road will be hauled to the May Sediment Placement Site (May SPS) located in Sylmar, CA. The route the trucks will take is as follows: South on Pacoima Canyon Rd from Pacoima Base Camp Access Road, right onto Gavina St (turns into Hubbard St), right onto 210 East Freeway, exit Roxford St, right on Olive View Dr, left into May SPS site (See map on the back of this flyer). Trucks will return along the same route.

HOURS/DAY

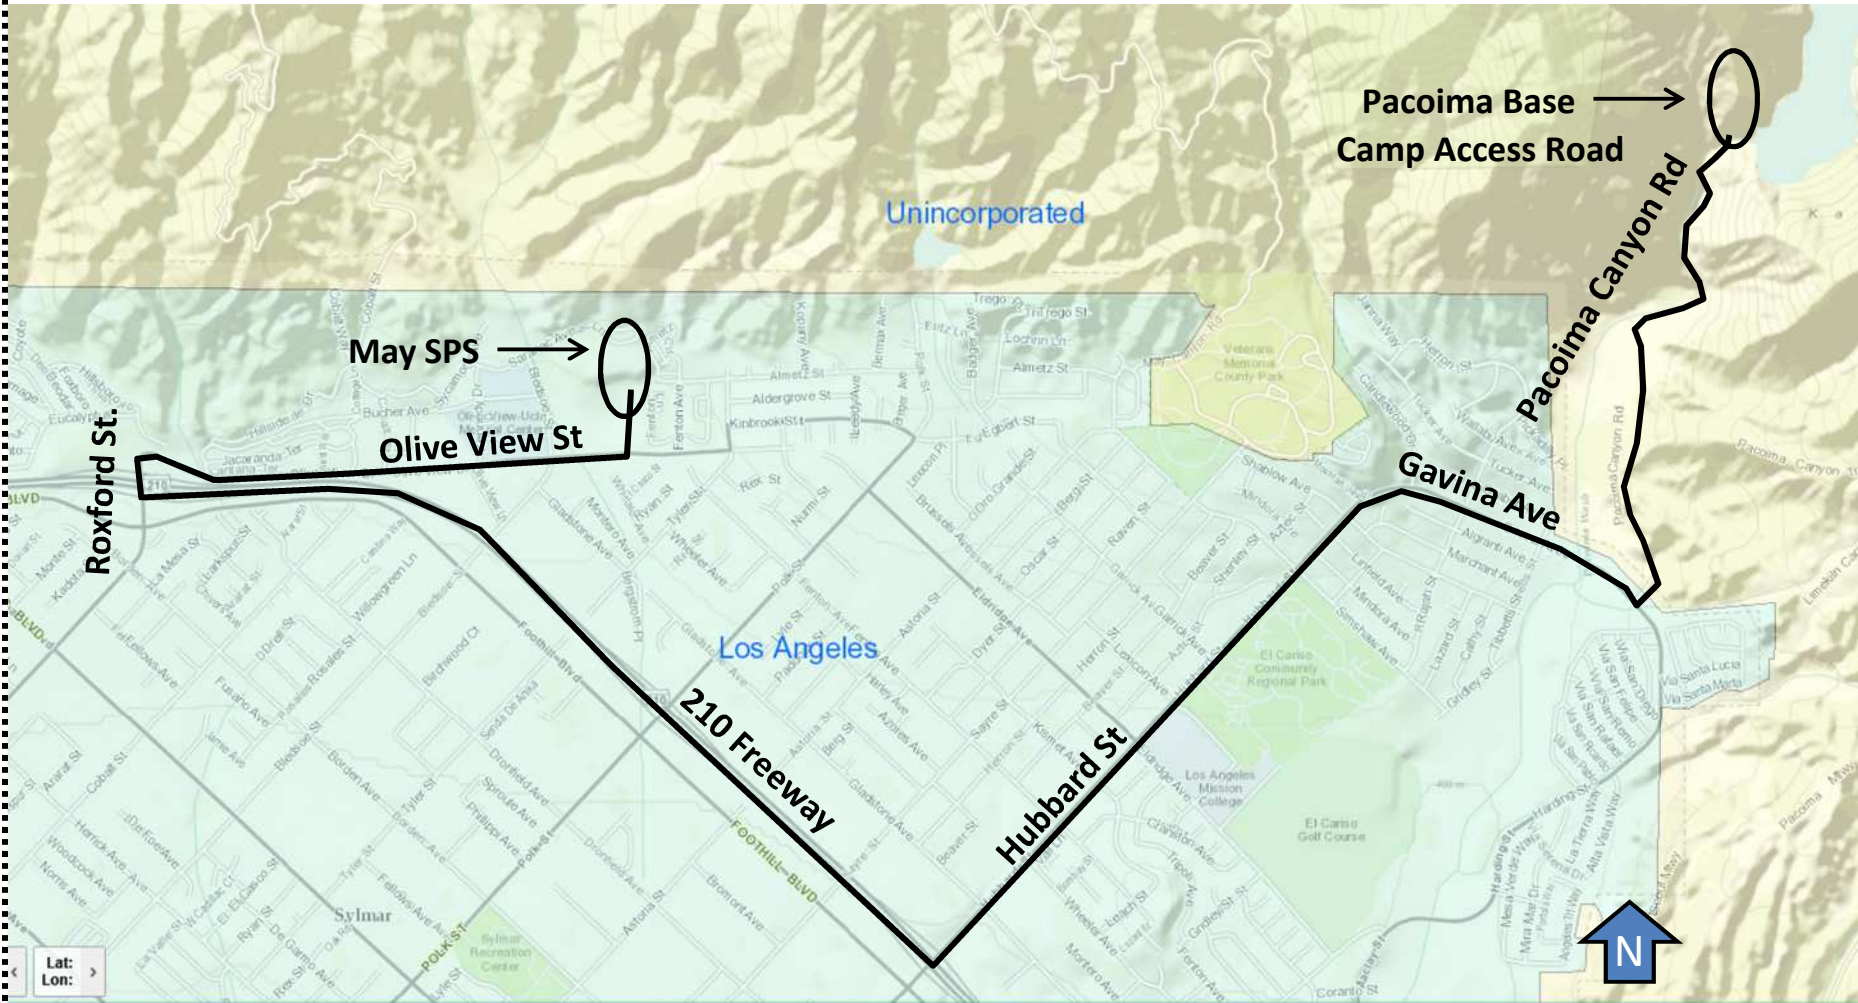

Trucks will begin hauling debris on **Monday, August 4, 2014**. The work will take approximately two weeks to complete. County crews are authorized to work from 7:00 am to 5:00 pm Monday through Thursday. **Truck drivers have been instructed not to drive along residential streets before 7:00 am.**

Thank you for your patience and understanding during this process. If you have any questions or concerns, please use the below contact information.
